A Trip to the Present

Mark opened the door under the stairs. "What's in here?" He stepped inside. Suddenly, he was in a place that wasn't home. Instead of horses, there were big metal machines on the road! One passed him by, and a cloud of smoke came out from the back. Mark coughed. Mark saw the date on a newspaper. "2030! I'm in the future." A girl beside him stared at something in her hand. She was touching the front. "What's that?" Mark asked. "My smartphone? Don't you have one?" Mark shook his head. "What's it for?" "To communicate with people." Mark was confused. In his time, people wrote letters. Mark thought, "There is going to be a lot of different technology in the future!" He wanted to go home. Mark went back to the door and stepped back into the past.
