## READING SESSION

### An Amazing Gift

In 1886, Americans received a wonderful gift from France. It was a huge statue of a woman. She wore a crown and held a torch. Can you guess what it was? It was the Statue of Liberty. Some people call her Lady Liberty. Liberty means freedom. The French gave it to the USA to celebrate their freedom. It was shipped to the United States in 350 parts. It took four months to put her together again! Now, it is the most well-known statue in the world. It's located in New York Harbor. Lady Liberty is made of copper. The copper was once shiny brown. Now it is green because copper changes color over time. Visitors can climb into Liberty's crown, but you need to be fit! There isn't an elevator - there are 393 steps!
